Cleaning and Hygiene Products That Don't Cost the Earth

TECHNICAL DATA SHEET

GENERAL PURPOSE DETERGENT 10% ACTIVE – 0901

Specially formulated with a mild, long lasting foam. Leaves crockery, cutlery and glassware sparkling and streak free.

- ❖ Medium strength product – 10% active
- ❖ Excellent foam stability
- ❖ Non-tainting for food environments

USES:

Medium strength washing up liquid which may be used for hand dishwashing or as a general purpose detergent concentrate.

DIRECTIONS:

For the effective cleaning of cutlery and crockery add to sink under running hot water. Good foam will result which should disappear when all product has been utilised by the washing process unless left for prolonged periods. Clean dishes and cutlery using a soft brush or cloth and allow the drain dry or wipe dry. Excessive soiling may require soaking for up to 10 minutes to aid cleaning.

Adding 6 capfuls of product to 2.5ltrs water or more if required can make a “soapy water” solution. Wipe surface to be cleaned using a soft clean cloth and dry if necessary.

TECHNICAL SPECIFICATION:

Appearance Clear thick green liquid

When stored upright in original sealed container shelf life is 12 months. Ensure tops are secured and do not leak.

Use common sense precautions when handling chemicals.

SAFETY. KEEP OUT OF REACH OF CHILDREN.

If swallowed do not induce vomiting. Rinse mouth with water. Drink plenty of water and seek immediate medical attention, showing this label.

In case of contact with eyes rinse with plenty of water and seek medical advice if irritation persists.

After contact with skin, wash off with soap and water. Rinse hands thoroughly.
