Cleaning and Hygiene Products That Don't Cost the Earth

TECHNICAL DATA SHEET

GENERAL PURPOSE DETERGENT 20% – 0902

Specially formulated concentrate with a mild, long lasting foam.

- ❖ Excellent foam stability
- ❖ Non-tainting for food environments

USES:

Perfect for dishwashing by hand. Also suitable for general cleaning. Leaves crockery and glassware sparkling clean and streak free.

DIRECTIONS:

For the effective cleaning of cutlery and crockery, add to sink under running hot water. Good foam will result which should disappear when all washing up liquid has been utilised by the washing up process unless left for prolonged periods. Clean dishes and cutlery using a soft brush or cloth and allow to drain dry or wipe dry. Excessive soiling may require soaking for up to 20 minutes to aid cleaning.

Adding 6 capfuls of product to 2.5ltrs of water or more if required can make a "soapy water" solution. Wipe surface to be cleaned using a soft clean cloth and dry if necessary.

TECHNICAL SPECIFICATION:

Appearance Clear thick green liquid

When stored upright in original sealed container shelf life is 12 months. Ensure tops are secured and do not leak.

Use common sense precautions when handling chemicals.

SAFETY. KEEP OUT OF REACH OF CHILDREN.

HANDLING:

General Purpose Detergent 20% is not classified as hazardous but repeated or prolonged skin contact may cause dermatitis in sensitive individuals. Although it is regarded as having low toxicity it should not be taken internally. For further information refer to the relevant Product Safety Data Sheet before using.
