Cleaning and Hygiene Products That Don't Cost the Earth

TECHNICAL DATA SHEET

HEAVY DUTY VEHICLE CLEANER – 0910

Super concentrate for economy in use.

- ❖ Fast acting and free rinsing.
- ❖ High polarity for maximum cleaning power.
- ❖ Suitable for use with hard or soft water.

USES:

Suitable for use through pressure washer machines using either hot or cold water.

Used extensively in the transport industry, e.g. buses, box vans, curtain sided vehicles, tankers, earth moving equipment and cars etc.

Note: Do not use on aluminium, magnesium or their alloys or galvanised surfaces.

DIRECTIONS:

Pour into the detergent tank of the pressure washer. Adjust the feed rate, as required.

Lightly pre-spray the whole vehicle using low pressure, then remove soil and traffic film using even sweeps of the lance at high pressure and close range at a temperature of up to 70°C.

Turn off the detergent feed then rinse the vehicle thoroughly with clean water.

TECHNICAL SPECIFICATION:

Composition: A blend of alkaline builders, non-ionic and amphoteric surfactants, sequestrants, soil suspending agents and solubilisers.

Appearance: Clear liquid

Colour: Blue

pH: >13.5

Activity: 21%

Shelf Life: Two years minimum when stored under recommended storage conditions at ambient temperatures.

Safety: Keep out of the reach of children.

NOTE

IT IS ESSENTIAL TO RINSE THOROUGHLY.
NEVER ALLOW DETERGENT RESIDUES TO
DRY ONTO A VEHICLE.
