Cleaning and Hygiene Products That Don't Cost the Earth

TECHNICAL DATA SHEET

SANICARE BLUE LOO – 27010

Sanicare hygienic cistern blocks clean, foam and freshen the bowl with every flush. The long lasting blocks sanitise and colour the water whilst helping to reduce limescale build up.

- ❖ Fights odours and dirt around the clock
- ❖ Harmless with all types of plumbing and septic tanks
- ❖ Safe with any cleaner or bleach used in the bowl

DIRECTIONS:

Remove one block from the pack and drop into the cistern, away from the water inlet. Leave for a few minutes for the block to activate before the first flush.

The blocks are wrapped in a water soluble film which must not be removed.

When foaming and colour fades, replace with another block.

FIRST AID TREATMENT:

Irritating to eyes and skin. Avoid contact with skin and eyes.

If swallowed, seek medical advice immediately and show container.

In the event of contact with the skin, wash immediately with plenty of water.

In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

Safety: Keep out of the reach of children.
